Midland Park Primary recognizes the importance of forming a strong partnership with parents and community members in order to positively impact the students in our school. To promote effective parental involvement, the staff at Midland Park Primary will work with parents to create a strong home –school connection.

Parents will be invited to attend parenting events to enhance literacy and math development. We will offer “make and take” workshops, a parent resource center and parenting fair for parents. To increase our home/school communication Wednesday folders will be used to send home parent information in Spanish and English. Our Title I Parent Coordinator will organize and train parent volunteers to assist at the school.
